Awesome, I will send that re-work now. This will be a fun one. I think this is really going to surprise a lot of people that QAnon was this organized and this popular and this real long before January 6th.

It's so good - the edit can zoom in on you and then over to him

Yeah, we go into detail on him later in the piece but we can bring that up into the top too and re-work if you like.

One point I haven't made in the piece but I think good for the tag is that some of the guys at this event had 200,000 + followers on Twitter and elsewhere and Twitter didn't shut them down until after the insurrection.

One of my big takeaways for attending the Q conferences that the Qanon movement is so much more than just the predictions or the feeling like you're getting inside information. It's about the community. The people there felt like they were part of something big and revolutionary and that they were opposing absolute evil. And that made me feel like this is something that's not going to go away just because Trump lost election.
